The 16th Annual Bent Tree Foundation Tennis Scholarship Tournament

by Coach Bob

Huge thanks to all our sponsors and players for their support in making this year another success. Monies raised exceeded $7500.00 The scholarships awarded will greatly assist these young adults in their pursuit of higher education. The sponsors and players may never truly realize the impact of their contribution. I like to refer to this as "seed planting". While you may never see the actual "bloom", please know you were instrumental this developmental process of these young athletes.

We had 24 players register for pickleball on Sat and 16 Tennis players on Sunday. We were able to watch some entertaining competitive play and enjoy some delicious burgers and hot dogs for lunch, prepared by some of our amazing volunteers. Thanks again for all who participated and assisted with this annual event. Please keep in mind our sponsors. When in need of their service, we hope you'll consider utilizing them.
